At each station, there are members of our X Block group waiting and will explain the rules of each station to the groups when they arrive. The clues will lead them to different locations and will eventually lead them to find Hillel.

Process:

1. Have entire edah sit by X Block groups
2. Our X block group will do our skit.
3. Chanichim will hand out materials for first peulah. These materials include: hidden message, key covered in crayon, q9arter to scratch off the key, pen
4. Once message is decoded, the chanichim will go to the BAG for the balloon activity.
5. The BAG will be sectioned off into 5 parts, each group having their own section. Each section will have balloons. The group must pop all balloons without using their hands and find the hidden message.
6. They will then do an obstacle course. Everyone in the group needs to go across. The last person who finishes the obstacle course needs to drink 5 cups of water. They will then receive the clue to the next location which is the marp.
7. Shawn Tarloff will be waiting at the marp, where Hillel is hiding. He will ask the groups a question, and the first group to answer it will win.
