### **10:10- Alter-Ego Icebreakers**

Gather in the Moadon for intro to Yom Alter-Ego. David announces that it is Yom Alter-Ego and that we are going to break up into groups to meet the new staff (see last page for groups)

Every camper gets an alter-ego checklist that will be completed during the peulah. First, campers will get time to devise a name for their alter-ego and choose what edah/job at camp s/he has.

Backstory:

To fill in their backstories campers will answer the prompts below in whatever way they want (i.e. their stories don't have to be real).

Each camper will be given 3 cards with different phrases and words. As the person is answering the questions anyone can yell Haftaah and play one of their cards forcing the speaker to incorporate whatever is on the card into the rest of the sentence they're in the middle of.

Prompts:

Tell us your earliest childhood memory.

How did you end up finding out about and coming to camp?

What's your favorite thing to do at camp?

Describe your ideal Shabbos.

Weird Quirk:

Everyone passes their checklist to the person to their right who writes down a weird quirk for that person's alter-ego to have and passes it back. The party game is played in which each person "enters the party" sequentially starting with the staff member and then going to their right (so the first two people at the party are the staff member and the person to his/her right in the circle). The staff member interacts with the person to his/her right as if at a party and tries to guess that person weird quirk. Once guessed, the person to the first

guest's right enters the party and the first guest interacts with and tries to guess the new guest's weird quirk. This continues until everyone has entered.

Once both games are completed, campers can cut out their mustaches and put them on (they are attached to the alter-ego checklist).

Optional time filler game:

**Bus Stop Game:**

Two alter-egos sit next to each other and one does anything s/he can while staying in character to make the other uncomfortable and move away from the bus stop.

### **1:00- Alter-ego Capture the Flag:**

Gather in the Moadon for the game to be introduced. Every camper should bring both a red and a blue shirt one of which they should be wearing (it doesn't matter which). Once settled, Ezra will explain the rules.

**Setup:**

Capture the flag field with a "phone booth" made up of a stack of benches by the flag at either end of the field. One flag will be red and the other blue.

**Rules:**

1. At the beginning of the game everyone will receive a card telling them what team they are on (red or blue).
2. Players' team allegiance should be kept secret and known only to themselves.
3. Regardless of true allegiance players will be able to switch what team they seem to be on by going into a "phone booth" and switching shirts. When in a red shirt, the player has all the powers of a red player and vice-versa.
4. When on the red side of the field, any player in blue can tag out any player in red and send them to jail. The opposite is true on the blue side of the field.
5. The object of the game is to capture the flag for the team to which you have a true allegiance.
6. YOU ARE ONLY ALLOWED TO PICK UP A FLAG WHEN YOU ARE IN THE COLOR TO WHICH YOU HAVE YOUR TRUE ALLEGIANCE.

**Gameplay:**

Every player will start on the side of the field (red or blue) of the color shirt they happen to be wearing regardless of true allegiance. Players can switch shirts by going into the phone booth at any time and gameplay continues until a flag is successfully recovered.

### **2:45- Murder Mystery Ice Cream Social**

Everyone will eat ice cream in the Moadon. At some point Briana will run in and announce that David has been murdered. David will then enter dressed in white and declare that he is David's ghost and is determined to discover the identity of his killer. He will direct the

campers to break up into the groups from the first peulah to investigate the murder. Once everyone is sitting by group in the Moadon, David will give instructions for the investigation.

**Instructions:**

1. Each team will be given David's "autopsy report" with some preliminary clues.
2. At least one member from each team (they can break up however) must go to interrogate each suspect.
3. After the interrogations finish (10-15 min, timed by David) team will reconvene to discuss what they each heard and try to figure out who the killer is.
4. During interrogations, there will be flashlight and only the person with the flashlight may ask a question as it is shined on the suspect.
5. Teams will get 15 minutes to discuss interrogations and then they must write down who they think the killer is on a piece of paper.

**Interrogation Locations:**

Staff should be waiting at locations as David begins investigation.

Lysander Schmitt (Aryeh): Front of Boys banyan

Sylvester CortDeLionne (Ezra): Medurah

Hazel Goldenblatt (Ellie): Front of Girls banyan

**Ezra:**

Nivonim

**Aryeh:**

Dies at the end of the interrogation
