

Matot-Masei Tefillah Peulah

Goals

- Gain an understanding of the parsha
- Learn about Israeli geography
- Foster a positive relationship with Israel?

Materials

- Printed out blank maps of Israel
 - Cities
 - Seas
 - Deserts
 - Any other major features
- Writing utensils

INDIVIDUALLY OR BY SAFSAL OR BY GROUPS?

If you get the most right, you win a prize?

- 1) Explain what the parsha is about. Read the following:
 - a) Matot-Masei describes many things. There's laws relating to vows, a war with the Israelites versus the midianites, and the division of the land of Israel amongst the 12 tribes
- 2) Ask if the edah can together name all 12 tribes!!!!
- 3) This boker we will be focusing on this last part- the division of Israel. In order to divide Israel, the people needed to know what the land looked like.
- 4) We're therefore going to test your knowledge of Israeli geography! We will divide the edah into kvutzot (by number or safsal) and each kvutza will get a blank map of Israel. It will be your job to label as many of the designated locations as possible! The kvutza with the most number correct will win a prize!
- 5) Behatzlicha!!!!
