

Man & Nature - Discussion Questions - Genesis

1) In the sections from Genesis, in what two different ways does God give man the earth?

master vs caretaker (replenish & subdue, till & keep)

2) What do each of these ideas mean?

3) What are the benefits and responsibilities of each?

4) Is it possible to fulfill both of these ideas at once? How?

5) How do we do each of these things in our own lives?

6) What more could we do to do each of these better?

Break campers into 2 groups.

Have each group take 5 minutes to prepare a role play skit using everyone. One group will demonstrate master role, the other of caretaker.

Each ^{sub} group will present skit to the other half of larger group
