

Peulat Erev – Mystery Auction LIVE!
Solelim 2010

Goals: to do nice things for people, learn how to budget your money in shekel

Prep: Make clues, and fake money.

Give out play shekel bills to madrichim the night before and tell the kids that they can earn shekel for doing nice things for people. Each bunk will start with 400 shekel, and then they can earn up to 300 more shekel by the time the day is over.

Process: Everyone sits according to bunk and has a mini white board that they will write their bid on. Mystery prize clue is given and then everyone begins bidding. Counselor holds board and writes bid that they kids want, if they want to bid on the mystery prize. Whoever bids the highest wins the mystery prize, and then the identity of the prize is revealed. *–make sure to hype up the prizes because some of them could be better or worse, but they all sound really cool!*

Mystery prizes:
