

Prayer Drawings Peulah

Goal: to discuss the meanings of specific t'fillot and personalize the beit kinesset

Unexpanded t'fillot (max 20 minutes)

Split up into 7 groups each madrich runs one group based on one t'fillah

| Prayer | Theme/Discussion |
|------------------|---|
| Birkot Hashachar | In this prayer we thank God for our basic needs (food, dry land, sight, etc) What does thankfulness mean to you? |
| Halleluyah | We list the ways we praise god. We talk about how happy we are to have HaShem watching out for us. What does happiness mean to you? |
| Barchu | Barchu is the call to prayer, it is when we start praying as a kehilah (community). What does community mean to you? |
| Or Chadash | We celebrate the light of the new day. Light symbolizes a new beginning and celebration. What does light mean to you? |
| Sh'ma | During Sh'ma, we call out to all the Jews of the world, asking them to LISTEN! What does listening mean to you? |
| Amidah | Amidah means to stand up. We stand up for ourselves and ask for what we and others need (wisdom, good health, rain). What does it mean to stand up for something? |

Discuss these questions for a few minutes. Try to concentrate on more abstract meanings (Or Chadash should not be drawing a light bulb) Continue until either discussion naturally ends or it is 9:10.

Hand out construction paper and markers and allow them to draw the answer to the question (10 minutes)

Finish with adon olam if there is time and head to breakfast!
