Theme: Making Good Judgment

Outline:

- Using the book “You Be The Judge” we will divide into 4 groups. In each group there will be 3 judges, and 8 lawyers.
- Madrichim will decide which hanichim are lawyers and which are judges. There must be 4 lawyers on the “for lighting the candle” side and 4 lawyers on the “for not lighting the candle” side.
- Once the judges have come to their conclusion, the madrichim will read the solution based on what “You Be The Judge” says.

Roles:

- Judges
 - The role of the judge is to decide which side they agree with more after both sides have defended/stated their opinion.
 - **Judges should in addition come up with their own solution after both sides have finished.**
- Lawyers
 - The role of the lawyer is to defend their side of the case.
 - **Lawyers should come up with creative ways to defend their side and not read the evidence as it is literally stated.**
 - **It doesn't matter if hanichim agree with their side or not they must defend it as best as they can.**
