

Smear or Be Smeared*

-You eliminate your person by smearing Jelly on the person's forehead and you must proclaim **"You've been Smeared!"**

-You must have two witnesses of the smearage

-You are safe from being smeared if:

- you are dressed in one solid color and have a matching toothbrush behind your ear

OR

- You're physically attached to anybody who does not live in the K'far

-Once you eliminate your Smearee you take their Popsicle stick and move on to the next victim

-**ONE** packet of jelly per smear.

-once you're smeared you must come to your staff for new ammo.

-**DO NOT TELL PEOPLE WHO YOUR SMEAREE IS!!!!!!!!!!!!!!**

-you must smear at least one victim a week, by **7:33PM** each Sunday, or you will be **publicly smeared by your staff** (and you're out....reshuffles will proceed)

-**Most kills and last one standing get the glory.**

*Nivonim staff reserves the right to smear at any and all times. Nivonim staff reserves the right to change any and all rules and any and all times. **Boston Red Sox Suck.** Nivonim staff has the ultimate say in any disputes over smearage. Yen + Jeremy = love. Special guests may be added and anytime. **Valerie and Noah rule.** You guys suck but if you get out in the first week you're an embarrassment. **Stop being so asky.** Rebecca Remis = Aleza Remis. **Nev02** is WAY better than Niv01. I can't wait for my day off. This edah is broken. Dana has cool new shoes- check them out. Water fights at 12:30 in the morning never happened. I miss Avi Creditor. Valerie and Noah never cover Max in shampoo or buried his shorts in the K'far. Hurry up and pick an edah song-- losers. And don't make it lame.
