TAKE THE CHALLENGE! EXPERIENCE THE ETGAR PROGRAM AT CAMP RAMAH IN NEW ENGLAND!

For many years now, a key component of Camp Ramah in New England's *Tzad Bet* programming has been our **Etgar Program**. *Etgar* is the Hebrew word for "challenge" -- our *Etgar* Program is a series of outdoor adventures that are designed to give our campers new experiences in the great outdoors and to challenge them both mentally and physically, whether they're hiking the Appalachian Trail or rappelling & caving. The *Etgar* Program is also designed to teach our campers about environmentalism and Judaism's connection to *teva* (nature).

We are pleased to continue our partnership with **Adventure In/Adventure Out**, a Massachusetts-based company that specializes in planning and running outdoor adventure experiences. With their help, we are thrilled to offer a wide variety of exciting and intense *Etgar* experiences to campers in *Bogrim*, *Machon*, and *Nivonim*. These options are detailed inside this brochure -- and they include **hiking, biking, canoeing, rock-climbing, caving, and more!** All trips will be led by fully-trained staff members from Adventure In/Adventure Out, and staffed by our counselors. ALL of these programs will focus on combining Jewish education with intense experiences that are truly *Etgarim!*

In order to make all the necessary arrangements, we ask all of our *Bogrim*, *Machon*, & *Nivonim* campers to sign up for their *Etgar* trips before camp. **Please be sure to print the sign-up form, on the back page of this brochure, and return it to us by the deadline of June 1st, 2012!**

Nivonim

4 Days and 3 Nights -- July 3-6

Option I -- Backpacking on the Appalachian Trail

Hike high along the Appalachian Trail following the scenic Taconic Range in Mount Riga State Park and Mount Washington State Forest. We will hike over three peaks with Mount Everett being our high point at 2,602 feet. We will also explore the cascading waterfalls at Bear Rock Falls and wander through beautiful Sages Ravine, enjoying the excellent high ridgeline views of the Housatonic Valley.

Option II -- Rappelling, Rock Climbing & Canoeing

This multi-element adventure will include a thrilling rappel into a local cave, a day of learning how to rock climb and two days of paddling on the picturesque Connecticut River. We will start the trip by backpacking in and establishing our campsite and then hike each day with day packs to our adventure activities. The trails meander through a forest of boulders and ledges. After exploring the caves and rock faces for the first two days, we will backpack down to the Connecticut River and spend the last two days in canoes on the river!

Option III-- Mountain Bike Trail Ride

This journey starts on the east side of the Quabbin Reservoir and follows the Swift River in the town of Petersham. Then we will travel north along the well-known Rail Trail. We will be mountain-biking on the back roads, dirt roads and trails. A support van will deliver our camping gear to our campsites along the way. Each day we will pack our lunch and continue our ride through forestlands and cool off in streams and lakes. At our camp-sites we'll enjoy telling stories and playing games around the camp fire.

Option IV -- Connecticut River Canoeing

Get out on the water for a fun and scenic canoe expedition down the Connecticut River. This trip will begin near the Massachusetts and Vermont border and flow down through some of the most scenic landscapes in Western MA. Wildlife abounds so keep an eye out for a Bald Eagle. We will be entirely self-sufficient, packing our gear in our canoes and camping in designated camp sites along the river banks. We will take time to hike, swim, and play during the journey.

Option V -- Canoeing, Caving & Hiking

Experience a wide variety of exciting outdoor activities in just a few days! This trip will start with a two day trip on the Connecticut River. From there we will travel by van to a campsite in the Berkshires, and the following day we will explore a cave that has a ¾ of a mile network of tight passageways and open rooms! This is an experience like no other and is the closest thing to seeing something that looks like an entirely different planet. The final day we will go on a hike through an ancient forest full of old growth trees in the Berkshires.

Machon

3 Days and 2 Nights -- July 16-18

Option I -- Backpacking Mount Monadnock

Mondaonock along the way and camp at the Mondaonock State Park. Mt. Mondaonock is a beautiful wind-swept mountain covered in granite boulders and wild blueberry bushes. We will enjoy the hike to the summit without our heavy backpacks and enjoy an expansive view of four states on one of the most climbed mountains in the world.

The second day will be spent kayaking on the Connecticut River, and we will culminate with a final day of rock-climbing! We will be traveling between sites by van and spending our evenings at local campsites.

Though taking place along the Mississippi, Huck Finn was actually inspired by author Mark Twain's youth growing up in the Connecticut River Valley of Western Massachusetts. In the same spirit, as an Etgar team, you will build three wooden raft platforms, each to sit upon 2 canoes for stability, flotation and maneuverability. We'll enjoy camping by the river and telling stories around the campfire.

Option IV -- Mountain Biking

From our campsite in Erving State Forest, the group will challenge themselves on some fun and exciting mountain bike trails while learning map-reading skills.
