

Yom Club Penguin

11: —> 11:30 Introduction with usernames and colors. Chanichim waddle around adopt a puffie

Can earn coins by dancing, winning activities, and waddling, which can be redeemed in shark tank peulah

12:40 —> 1:30 - penguin profile

1:30 —> 1:50 - popsicles

—> by waddling and winning games you can earn club penguin money to buy stuff for your igloo

11:40—> 12:30 - mini games (sledding in BAG on scooters, mine cart, surfing, water-skiing etc.)

sledding: people sit on scooters and race through a track set up with cones

water-skiing: campers lie flat on scooters and use their hands to propel themselves across the BAG. Must avoid dodge balls being rolled at them

igloo party

pizza making

CIA secret mission: penguins get black bandanas and an index card with a mission on it to stop the evil polar bear (a madrich)

Each polar bears causing environmental issues

1: spilling oil in the ocean because he's so rich

2: spreading forest fires

3: Injects hormones into his cows on his cow farm because he wants the most milk

4: Killing penguins by polluting all the clean water

5: His farts are destroying the environment

3:45—> 4:40 Introduction and scavenger hunt

Materials: clues around camp

Collect coins

4:40 —> 5:35 shark tank

Materials: posterboard & markers to decorate design, building materials: scissors, tape, cardboard boxes, tubes. Need to make solutions to stop polar bears

5:45 —> 6:15

Igloo party / puffie mitzvah —> popsicles and music

Cook out Aruchat Erev at 7

The Penguin Profile

Goal: To connect penguins and judaism and to be silly and ridiculous.

Instructions: Each group will be given a club penguin character and must create a background story and personality for him, her, or them. They must then describe what this character would do on its first trip to Israel and present to everyone.

Characters:

Sensei

Rookie

Cadence

Gary Aunt Arctic

Requirements:

Background - date and place of birth, where s/he grew up, childhood, education/college major, etc.

Characteristics - favorite camp meal, favorite chugs, hobbies

Israel itinerary - where/how they would spend their time

What their igloo would look like

Congratulations! You've found your polar bear! Now, welcome to the Club Penguin Shark Tank!

Your job is to use the materials in the moadon to design and build a cost-effective solution to fix the environment and help clean up the mess caused by evil Herbert P. Bear and his gang. You should make a sketch and a prototype and feel free to create any other graphics or visuals that may aid in your presentation to the sharks.

Presentation must:

1. Must incorporate a Jewish value into your pitch.
2. Include every group member.
3. use at least 5 *meah milim*.
4. Cannot say the milim: basically, like, you know, so, um
5. All group members must waddle when moving.
6. Be prepared to be grilled by the sharks.

Jewish Values to draw on:

- 1) It is a God-Given responsibility to watch over the Earth. There is a famous Midrash where God shows Adam and Eve a tour of the garden of eden and basically says, "if you mess this up, no one will clean up your mess"
- 2) You cannot cut down fruit trees in times of war. Any tree that produces goods or fruits must be protected.
- 3) Al Tashchit-- Do not waste things that serve a purpose.
- 4) Every 7th year we rest the land and do not harvest during as to let the soil replenish its resources
- 5) There is a jewish teaching that you cannot dig a hole and then walk away. That means you must be responsible for the damage you create, and not put anyone in danger.
- 6) And any other ones you may come up with-- Feel Free to use the siddur or stories in the chumash as a resource! (e.g. the golden calf, stories of creation, noah and the ark, jonah and the whale, yiddush proverbs, etc.)

Yom Club Penguin

Club Penguin Mini Games: 11:40 am - 12:30 pm

Explanation —> 5 minutes

Sledding —> 15 minutes

Penguin sliding —> 15 minutes

Snowball fight —> 15 minutes

Goal: Have fun and get silly and energized!

Sledding game

Set up: 10 cones are set up in 5 lanes across the tennis courts. Chanichim lie flat on scooters like penguins and use their arms and legs to navigate through the obstacle course as fast as possible in a relay race. The team that finishes first is awarded 10 coins which they can use later in the yom for the shark tank event. Approximately 3 or 4 rounds or 20 minutes, whichever comes last.

Hydro Hopper

Chanichim roll on scooters across the tennis courts while avoiding dodgeballs being rolled towards them. One to two chanichim per team go at a time and whichever team can get to the other side first wins 10 coins.

Snowball fight!

Dodge, duck, dip, dive, and dodge.
