

Yom High School
Solelim 2010

7:45 Tfilot

8:30 Breakfast

9:30-10:30 Nikayon – and introduction to the Yom... Counselors need to ask their groups who wants to sign up for the varsity game, and who wants to cheer or play what. Have a funny story about high school ready to tell them. We introduce the kids to high school by telling them a little bit about each of our high school experiences.

10:30-11:30 Chemistry Class – make volcanoes out of vinegar and baking powder

11:30-12:30 History Class – discussion about the State of Israel. Discuss the establishment of the State of Israel. Read a piece of the declaration of establishment of Israel to each group and discuss:

What is Israel to us?

What is so important about having Israel?

Do we feel comfortable there? Safe?

Etc.

12:30-1 Lunch

1-2 Menucha

2-3 Home Economics – baking chocolate chip cookies! Get recipe

3-4 Varsity Game – basketball plus drills and training session (soccer) and cheerleaders

4-5 Graduation – gave them certificates and cookies we had made

5-6:15 Free period – free time, plus getting dressed up for 80s dance party

6:30 Dinner

7:15 Back to the 80s dance party!

Groups stayed with a homeroom throughout each activity, so there were no stations to go to, each counselor stayed with the same group and did the same activities at the same time as the other groups. This way there was no confusion, plus the counselors got to know the kids a lot better.
