Opening Activity: break edah into 6 groups of about 13 campers each. Each group must come up with a super hero team name (ex. X-men, Justice League, Fantastic Four), a team uniform/superhero outfit, and a team catchphrase (ex. Go go Power Rangers, Robots in Disguise). They will be encouraged to use catchphrase frequently. Give time to change into outfits. The group leaders are Daveed, Krulee, Jeremy, Shira, Naomi, Riva

Superhero Stations: there will be 6 stations, each featuring a battle with a different supervillain. Each group will work at a station for 20 minutes, with 5 minutes time to move between each group.

Station 1: Firefighting – heroes will fight Wildfire in a game of gaga. The heroes must win in order to stop the Wildfire from burning down the forest (counselor in charge of group plays on Wildfire's team, all heroes play on another team, teammates can get each other out). Location: GaGa Arena
Counselor/Villain: Ben

Station 2: Food Wasting – heroes will fight against the Garbage Goblin by creating edible plates and silverware and discussing ways of reducing the amount of wasted food in the chadar. Location: Beit Midrash Kitchen
Counselor/Villain: Hannah

Station 3: Global Warming – heroes fight the Larry Landfill. Groups fight by creating and decorating recycling bins. Location: grove or classroom if raining
Counselor/Villain: Gavin

Station 4: Including – heroes fight Exclusiv-o by playing Blob Tag. Exclusiv-o begins as it, and as each person is tagged they must link arms with the "blob" until everyone has been tagged. Location: Grove
Counselor/Villain: Nancy

Station 5: Sinat Chinam – heroes fight Sinat Chinam, or hatred towards one's fellow man, with Gimelut Chasadim, or random acts of loving kindness. In this case, the acts of loving kindness are writing get well letters to that girl who's sick. Location: Sif
Counselor/Villain: Estie

Station 6: Laziness and Obesity – heroes fight Snailman and learn about staying healthy by having healthy snacks and play volleyball. The superheroes will split into 2 teams to play. Location: volleyball courts. Counselor/Villain: Cara

Hostage Situation: 12 campers (2 from each team) will be "taken" and held "hostage" in the tent used for ropes in mahane gimel. Then each team will have to complete tasks in order to gain back their team members.

Task 1: each member of the team must individually yell the catchphrase in order to obtain a bucket and 3 sponges. First team to obtain the objects will earn a hostage (team member) back

Task 2: each team will elect 3 representatives that will participate in a sponge toss. Each representative will have one opportunity to throw a sponge at the villain. For every hit, the team will receive a point (a face hit will count for 2 points). The team with the most points will gain back a hostage (team member)

Task 3: twister. Each team will elect one representative who will participate in a game of twister. The winning team will gain back a hostage (team member).

Task 4: dizzy bat. Each team elects 2 representatives. Each player will spin around the bat 10 times and then run across the migrash. Winning team will gain back a hostage.

Task 5: siddur wars. Each team will get a siddur sim shalom. They must select one representative to announce the group's answers.

Find 3 locations of the shema in the siddur (100, 202, 346, 284)

According to shimon HaTzadik, what are the 3 things on which the world rests? (torah, service of god, deeds of love 603)

When we move to shacharit on saturday morning, what page do we turn to? (334)

On what page does birkot ha-mazon begin? (754)

On what page is psalm 23 found? (523)

Team that completes the siddur wars first will receive a hostage

Task 6 (final task): the entire edah must spell out bogrim 10 with their bodies on the ground with minimal counselor assistance. Once they complete the task, all hostages will be released.

Secret Task 7: Campers must clean up machaneh gimel from anything left behind. Buckets must be emptied and the sponges placed inside and put together so that counselors can bring them back to bunks, siddurim must be neatly stacked together, twister and bats must be also be put together with them, all garbage in the area must be picked up

Capture the Villain: While clean up is going on, the six counselors playing villains will "escape" from machaneh gimel and hide around b-side (must find hiding spots that avoid interrupting kishroniyah). Suggested spots include behind gaga-arena, behind bunks 38/39, b-side gazebo, bushes near the chadar, in the valley, behind little house. Hiding spots do not need to be extremely good, the goal is for campers to find the villain and "catch" them by getting a hula hoop over their head. Once the hula hoop is over the villain, they must bring the villain back to the Gaga arena. Each team must capture one villain, and the order they come back in determines the order they get to choose their convention topic.

Superhero Convention Preparation: The groups will put together a poster and presentation (skit, dance, song, speech) about a certain world issue. The presentation must contain some sort of solution for the problem. The issues to choose from are: growing landfills, dumping of waste products into water supplies, deforestation, lower class rights for minorities, malnutrition in third world countries, insufficient medical care for the impoverished.

Two groups will go to each location, where they will have markers and poster paper available. The locations are Moadon Bogrim, moadon machon, and little house. Kishroniyah should be over with by this time, if they are not out of the buildings go somewhere nearby outside.

Superhero Convention/Gala: We will begin with the convention presentations. Each group will have 5 minutes to present their poster and presentation. Then we will play music and there will be a candy sushi making and ice pops. And it will be AWESOME!!!!!!!!!!!!
