10:30 - 11:15: Potato Head Challenge

Location: Everyone is sitting down by team on the upper migrash between bunks 23 and 25.

Intro: Wow! It's awesome that everyone could be here today! Look we have Woody, Buzz, Jessie, Rex, Slinky, and even Ham! It's going to be a great day full of friendly competition and games. But wait.. aren't we missing someone?? Can anyone help me think of the friend we left behind?? (someone will scream out Mr. Potato Head) Of course! Who could forget Mr. Potato Head! Lucky for you, each group will now be working together to create their own awesome version of Mr. or Mrs. Potato Head.

There are 12 stations set up around the migrash and each one has a different material that you can use to make your Potato Head unique however, there is also a different task at each station that must be completed before you receive the material. At some stations you will be given more of that material for bonus points, but only if the counselor says that bonus points are given out. All tasks must be completed with every group member present.. counselors will not start the activity until everyone is there. Everyone must go to station 1 at some point in order to get their potato. There will be

time given at the end for your group to assemble your Potato Head so use this time to gather materials. Work hard to make your Potato Head stand out because at the end our lovely judges will pick a winner of the most creative Potato Head. Are there any questions?

Stations will be set up and campers can come to each station as a group when they feel that they want to get more materials.

Obtaining Supplies (20 min)

Building the best potato heads (20 min)

Will be judged on

- 1 - creativity
- 2 - looking like Mr. Potato Head
- 3 - best accessories

** Each counselor will be at a station. You can only start the activity when the whole group is present. (you'll be able to tell if they're all there because there will only be 9 of them and they'll all be wearing the same color) You should tell the group if bonus points are available (bonus points = more of the item). After about 20 min of doing activities and getting supplies, the teams will come together on the migrash and assemble their Potato Head. Judges will then judge on creativity and appropriateness.

12:00 - 12:45: Box Car Design/Race

Location: Everyone is sitting on the steps of the Beit Am Aleph.

Intro: Shoafim! What is about to happen is probably the most important event of your lives as Andy's toys! As you all know, Andy is moving to a new house but none of you are in the box on the moving van. Right now each team is going to go with their assigned counselor and create their own box car and we are going to have a race to see you will make it to the moving van! There is a certain criteria that must be followed when designing the cars that your counselors all have. Plus, this race is very similar to a color war apache race, meaning there are tasks along the way that must be completed before the car can move forward so your counselors will have a sign up sheet with locations of where on the upper migrash you are supposed to be.

Team Captains

Woody: Ilana

Buzz: Mira

Jessie: Solomon
Ham: Steven
Slinky: Sarah
Rex: Goldfarb

****Criteria for Box Car Design:**

When designing your car you must paint these things on the car:

- name in hebrew
- Name in english
- A picture of their character

While you are designing your car sign kids up for the relay and make sure they know where they are supposed to be!!! (fill out sign up sheet and give to Becca or Shana)

Each team will be given a cardboard box, scissors, yarn, and paint that corresponds with their team's color.

12:00 - intro

12:05 - design on the upper migrash (while designing sign kids up for stations that they'll be at. Once you finish your sign up sheet give them to Becca or Shana)

12:20 - everyone turns towards the center and we introduce the teams and they show their cars. This is when you go to the station you are running.

12:25 - Shana and Becca will send kids to spots and make sure they all know what they're doing and where they're going next

12:30 - race begins

Apache Box-Car Race (2 campers per car and 4 campers to switch at some point in the race from each team)

8 stations:

Start at Beit Am Aleph

1. Bunk 5 (Solomon) Stick 4 "Advertisement stickers" (Either stickers or Israeli bumper stickers) on the car
2. Bunk 9 (Mira) Feed each driver 2 Rollos. The car cannot leave until both drivers have chewed and swallowed the candy
3. Bunk 13 (Sarah) One driver will sing the edah song as fast as they can while the other beatboxes.
4. Bunk 17 (Ben) Switch drivers **(2 campers from each team need to be ready to switch with the drivers)**
5. Bunk 21 (Goldfarb) Each driver will be thrown a pretzel and must both catch one in their mouth before they can leave
6. Gan (Steven) The car get into an "accident" and must spin around 6 times and hop to the left 3 times and then to the right 3 times before they can leave
7. Bunk 25 (Ilana) Switch drivers **(2 more campers from each team need to be ready to switch with the drivers)**

8. Ed's house (Tali) Each driver must eat a cookie and drink 1 cup of water
Goals: working together

1:00 - Lunch & Menucha

2:00 - 3:30- Watch Toy Story in the Beit Am Aleph

3:30 - 4:15 - Peulat Tzrif

4:15 - 5:00: Lip Sync

Intro: Welcome to Wednesday Night Karaoke at Pizza Planet! Each team will go with a counselor and prepare a performance to a well known song. Your counselors already have the song picked for you on their iPod. You will have ten minutes to prepare and we will come together afterwards and perform.

The rules are:

- 1) everyone must participate
- 2) Absolutely NO singing
- 3) The dance needs to be appropriate but must entertain the judges.

Captains stay with your teams from Box Car race to help them. Get things moving..
Make sure everyone's involved and everything is appropriate. **MAKE SURE YOU HAVE THE SONG ON YOUR iPod.**

5:00 - 5:45: Gadna Egg Drop

Location: Lower/upper Migrash/Beit Am Aleph

Starting point: right after the karaoke night performances are done counselors run in, dressed in soldier uniforms with whistles.

Intro: ATTENTION! A very serious problem has occurred! Us toy soldiers have been left behind and therefore will not arrive at Andy's House tomorrow at 18:00 with everyone else. We need you to build us parachutes so that we can land on the moving van safely. But first each group member must complete a task in order to get their group materials to make a successful drop for us. Each group will be given an egg and we will know who is successful and who isn't based on whether or not their egg breaks. The group member doing the task will carry a plastic bag with the materials that they have earned so far in the bag. This bag must be passed from one team member to the next. Your group leaders will assign you a counselor to go with right now. You must go to your assigned spot and wait until further commands from the counselor. AFTER you finish your assigned task you must go to the upper migrash where your team will be assembling our parachutes once all the materials have been collected! GO!

One person from each group is assigned to a task (there are 9 tasks.. One team has 8 so have one person from that team do 2 tasks). **Counselors from lip sync groups stay with their groups and assign where to go OR tell them which counselor to go to because the activities will be spread across the lower migrash. Then run to your assigned locations!**

Each group is given a plastic bag to collect materials in and kids cannot begin until their teammate has handed them the plastic bag. (15 min)

COUNSELORS: start at suburbs.. We'll tell you exactly where to be, but given about 10-15 feet in between each task.

- 1) (Ben) belly crawl over a certain amount of area to get straws located at the end.
- 2) (Sarah) do foot fires through ladder outlined in tape on ground.
- 3) (Becca) Drop and roll a certain distance in order to get cardboard.
- 4) (Ilana) Shuffle in between benches to get styrofoam nuggets
- 5) (Steven, Solomon, & Or) Running through a field and dodging dodge balls to get popsicle sticks.
- 6) (Mira) Garbage bag sack race.. Hopping to a certain place to get construction paper.
- 7) (Tali) Hit a moving target with a wet sponge to get gym.
- 8) (Goldfarb) Do foot fires and push ups for one minute in order to get pipe cleaners. (1 pipe cleaner per group)
- 9) (Shana) Sprint and lie flat on the ground when given signal until we tell them to get back up and finish running to Beit Am Aleph.

Once the team receives all of their materials they can start creating their egg drop. (20 min)

When all egg contraptions are complete meet on the porch of the beit am aleph to drop the eggs off of the stairs of the beit am aleph (10 min)

Goals: teamwork, thinking creatively and strategically

6:30 - Dinner

7:30 - 8:15: Operation Save Buzz

Location: Everyone sitting on the upper migrash.

Intro: right now everyone will participate in Operation Save Buzz. Each team will be split in half and will combine with other teams. Each side will have two toys that they need to rescue from the other side. This game is very similar to capture the flag **HOWEVER** certain teams can only do certain things..

Woody - can only free people

Buzz - can take the toys back over the border but they cannot leave "the Buzz Zone" which is marked by cones.

Jessie & Ham - can go over to get the flag but can't bring it back past the point where "the Buzz Zone" begins. **Only jessie or ham can collect the flag.**

Rex & Slinky - can tag people out and can go anywhere on their side, including "the Buzz Zone"

Once someone is tagged they go to the jail which will be marked with a cone.

Once someone from Team Jessie or Team Ham have reached the flag they have 30 seconds to leave the small imaginary free zone circle surrounding the toy.

You have to pass the toy to your teammates.

Read off teams.

For counselors:

SET UP:

2 toys on each side with 1 cone next to each toy.

1 cone in corners of each side represent the jail.

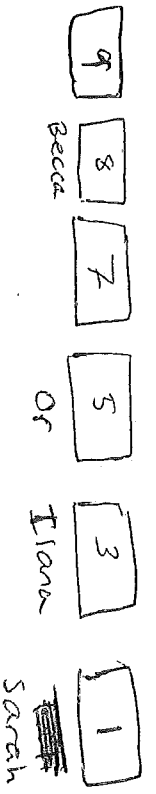

Mark the center line with cones across the migrash.

Put cones down on both sides of the field about 10 feet away from the center line in both directions. <-- This is "the Buzz Zone" that Buzz players stay in the entire time.

Jessie and Ham can go into this area as long as they don't go onto the other team's side.

Goal: teamwork
