**Siddur Makom:** sit in 6 sections by tzrif. Every tzrif should have paper and pen. Each section is labeled with a tzrif number and Friends character name.

-Watch the Friends clips explaining the episode/game

Season 8 Episode 20 (2:38 - 4:34, 12:23-14:00)

-Play Bamboozled

## How to play...

- 1) The first team spins the wheel of mahem (a chanich spins a madrich, who then picks a category from a hat) which assigns a category. The host reads the trivia question and the team has 60 seconds to discuss and write down the answer. Put a timer on the screen
- 2) After the time is up every team holds up their answers. Any team that gets the answer right gets one point (moves up their Ladder of Chance)
  - a) If the team that spun got the answer correct, they pick a Wicked Wango Card. A Wicked Wango Card is a challenge that every team has the opportunity to complete in order to earn a bonus point.
  - b) If the team that spun got the answer incorrect, they pick a Google Card. A Google Card has a challenge that just the spinning team must complete. Otherwise they lose a point.
- 3) Next team spins the Wheel of Mahem and the game continues

At any point the host can yell

-Hopping bonus (one person from each team must hop on one foot)

-Hold breath bonus (one person from each team must hold breath, can alternate people)
