

Capture the SIX FLAGS
Shoafim 2018 Peulat Erev

Goal/Themes: Remind chanichim about the rules that we follow at 6 Flags, and let them productively run around!

Supplies: 6 pieces of cloth, each labeled with tzrif number, cones to divide up the migrash

Location: Tzad aleph upper migrash

Setup: Divided by tzrifs. There are six flags located in the upper migrash (counselors question the jails for their tzrif). Each tzrif has a flag. A tzevet member is guarding the "jail", holding their writeup with questions on it.

Instructions: The goal of the game is to try to collect as many flags as possible. Some members of your tzrif will be running around trying to capture other the other tzrifims' flags, while the rest of the tzrif is guarding their flag. When the chanichim go to jail, the counselors at that jail will ask them questions about the rules of six flags. If they get their question right, they get to run free!
