

## Debate Night Questions

**Instructions:** Have chanichim sit by tzrif. Tell them that they are here tonight to debate various topics. How it works is that for each round one volunteer from two tzrifim will be called up. They will be given one of the following topics to debate and will each be given 1min to debate their topic (even if they don't agree with the position they've been given, they have to argue it). After they debate, the crowd votes on the more compelling argument. At the end of the peulah, call up two different madrichim to do a debate (this will get the kids excited!).
