This morning, it was confirmed by marine biologists that the whale in Agam Ha Tzafon was taken from her natural habitat and stolen. Local authorities are very concerned for the whale's safety, and have called you guys in for help. Scooby Dooby you will help solve this crime.

You will each be given an envelope filled with evidence. Your task is to ascertain everyone in the edah's alibi. Remember, the Madrichot are not necessarily innocent.

This will be much easier if you are able to obtain a suspects list. To get a suspect list, every person in the group must read the Shabbat ending of birkat HaMazon to Claire. To do so, you must first go through and find alibis for at least 2 clues.

Read out the groups

Friends: be #bein. Some of these clues are easy, and some of them are not. If you know how to do one of them, keep it to yourself!

Note: Scooby snacks will be provided in the middle of the peulah!!
