BREAKOUT

Everyone gathered at the 2nd Annual Campers vs Counselors Canoe Race; the air was exciting. The race had just ended, and we were about to head out when a group of multi-colored dressed people ran toward the fence and leaped in. They started shouting "It's Yom Sport!" And "Yom Sport 2025!" It was very exhilarating and loud. Everyone stood up and shouted to the students to get a paper and find their names. The event was shocking; we all expected it to happen in the second session, but there was still some anticipation. As papers flew in the air, everyone cheered, laughed, and tried to grab a paper. As the breakout ended, everyone sat down and cheered for Yom Sport 2025. I'm sure it will be a thrilling and unforgettable experience.

RELAY RACE

On the first day of yom sport, a half day, the first activity we did was a relay race. The relay race consisted of many activities including leap frogs, swimming, reverse siddur makom (putting siddurs away), and much more. After about one hour we ended at the alpine tower, a big tower near the BAG (Beit Am Gadol) that you can climb, and four people one from each team (all Nivonimers) climbed the tower, but there's a twist! they had to do it blindfolded! The alpine tower is normally really hard to climb and it takes hard work to get to the top. "it's really scary your first time." Says Hadas S who worked on ropes staff. Adom got to the top first giving them some extra points. But this does not prove anything! Any team still has a chance to win.

FROM THE RELAY

Avishai, Tikvah, adom- "we will win I'm very excited. I was not expecting color wars to be today! I'm very happy! Yom sport is good."

At 7:15, Niv wakes up the whole camp. They come running out of the Kifar, half going to a side and half staying on the B side. They yell "WAKE UP" to all the bunks, and on one side, they. Do the same yelling into the megaphones, even using people's names and yelling at them. Niv also yells, "It's color wars, wake up!"

Cool things from each tfillah!

Adom- lots of ruach during oseh Shalom,

Kachol- water bottles, did adom olam to team song, in the middle of adom olam they yelled, "ANCHNU KACHOL",

Yarok—lots of hype and the best tefillah ever. The adom olam is themed around the team and their songs.
